PLANTATION BITTERS!

S. T.--1860--X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject it is superseding every other stimulant. In all climates tropical temperate or frigid it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits

NOTICE IS HEREBY GIVEN THAT A SPECIAL [illegible]

D[illegible]VERSION OF THE GRAIN TRADE.—The shipments of grain for the Canadian ports from the three principal shipping ports Chicago Milwaukee and Toledo during the past week have been unusually large. The increase in the diversion of corn to the St Lawrence route is the most marked. The total shipments of corn for the week were 1 697 961 bushels. Of this amount [illegible] 142 bushels were consigned to Buffalo [illegible] 608 bushels to Kingston [illegible] Montreal and 104 [illegible] bushels to [illegible] Toronto. The aggregate shipments by lake to all the United States ports were [illegible] bushels of corn against [illegible] bushels to all the Canadian ports. The consignments of corn to Canadian ports last week were larger than ever before in the same length of time. The only reason we can give for this diversion of trade is the fear of detention for [illegible] account of the low stage of water. This however was imaginary to a large extent as there was water enough for the early part of the season. All uneasiness on this score may be banished as the late heavy rains have furnished an abundant supply.

Wheat in Liverpool 12s 9d@13s

The ship *A M Small* will commence to load with Wheat to-morrow morning for the United Kingdom. She has been chartered by Allen & Lewis.

The steamship *John L. Stephens* brought to this port 700 tons of assorted cargo.

The bark *H W Almy* is discharging cargo at Flanders' wharf.

The brig *Brewster* was towed down the river this afternoon by the tug boat *Ben Holladay*. She took from here about 300 tons of freight, the majority of which consisted of the Light House material for Cape Foulweather. The *Brewster* will receive on board 500 cases of salmon at Eagle Cliff, 1,000 cases at Cathlamet, and 500 cases at Westport. A number of staves will also be taken on at the latter port. Her entire cargo will be about 600 tons.

A very valuable discovery of Lime Stone is reported near Roseburg in Douglas county. It is situated near the line of the railroad, and is reported to be excellent in quality and inexhaustible in quantity. Lime produced from this quarry it is believed can be furnished and sold in this market at lower rates than we now pay for the article from California or San Juan Island. We learn that arrangements are already being made to introduce the Roseburg Lime here at an early day. This Lime Stone may also be made available in smelting our Iron Ores. One of the present drawbacks to our Iron industry is the scarcity of Lime Stone and its cost.

ACKNOWLEDGMENT.—The members of the Ladies' Relief Society gratefully acknowledge the courtesy and kindness of Miss Caroline Mr. Nesfield, and other ladies and gentlemen, at the concert given by Miss Mehlig on Tuesday evening last for the benefit of the "Home."

We have also been permitted to publish the following note which will best explain itself:

PORTLAND, June 17, 1872.

Miss Anna Mehlig:—Allow me, in the name of the Ladies' Relief Society, to tender you our cordial and hearty thanks for your generous aid to our "Home." My apology for the tardiness of this acknowledgment which, in the absence of the *Secretary*, it becomes my duty to make, is that I was quite unwell on Saturday and unable to attend to it. Permit me also to express my personal gratitude for your kindness and courtesy toward our Society, and to subscribe myself, Mademoiselle,

Yours, very respectfully,
MRS. A. HOLBROOK,
President L. R. Society.

Miss ANNA MEHLIG, Portland.

A GOOD TIME.—The Members of Multnomah Lodge No. 12, I. O. G. T., who visited their sister Lodge in East Portland on Monday evening last, speak in high terms of the reception given them. It had all the warmth and heartiness of a family circle; and not less delicious were the strawberries and cream, and the beautiful boquets of flowers presented to each visitor, than were the social and friendly feeling exhibited by the donors. Mutual visits of this kind are eminently productive of good results to every organization, and we are glad to see the order of Good Templars in this city aiming at such a desirable way of cementing their bond of Union. We understand that East Portland Lodge contemplate returning this visit to Multnomah on Saturday evening next, and we doubt not they will be repaid in kind, for their reception of Monday evening last.

FROM SCOTLAND.—By the last steamer there arrived direct from Scotland, a Mr. Jas. Minty, accompanied by his wife and three children. On their arrival they were taken by Mr. O. S. Phelps, of this city, by whose representations they had been induced to come to this country, to a farm situated a short distance from Dayton. Mr. Minty came from near Aberdeen, and proposes to settle in Oregon. He is well pleased with the country. Such immigration is a valuable acquisition to the agricultural interests of the State.

STARK STREET.—We hear that it is the intention of the property owners on both sides of Stark street, between Front and First, to either place down Nicholson pavement, or plank that portion of the street. This will be done as soon as the water shall sufficiently recede so as to enable a permanent foundation to be secured. The present condition of that part of Stark street is such that improvements of the character contemplated would confer a great favor to the public.

DROWNED.—Master Harry L., son of Captain John Harlow, of this city, was drowned yesterday afternoon in Couch's Lake, below the Boneyard. In company with several other boys he was playing on a scow, and, losing his balance, fell into the water. He was rescued, but not until life was so nearly extinct that he did not live but a moment after being taken on [illegible]. Deceased was aged about five years, and was a bright, promising child.

RAN AWAY.—A team attached to the carriage belonging to Jas. B. Stephens, of East Portland, [illegible] frightened on last Saturday evening and ran off. In crossing the railroad cut east of the house, the carriage was upset and both the driver and Mrs. Stephens were thrown out. The lady was severely bruised about the head and face, and the driver received some internal injury. The harness and vehicle were considerably damaged by the accident.

TO OPEN.—The Skating Rink will be open this morning for the reception of flours, fruits, etc., for the second annual Horticultural Fair. Persons desirous of having articles on exhibition during the Fair, are requested to bring them in to-day so that they can be properly classified. The Fair will commence to-morrow, and continue throughout the week. We hope to see the horticultural and mechanical branches liberally represented.

COMMITTEE MEETING.—There will be a meeting of the general committee appointed to make arrangements for the coming celebration at Armory Hall. The Fourth is moving apace, and it is necessary that action in the premises should be prompt. The work goes bravely on, and the several committees are discharging the various duties assigned them with a hearty good will. Let there be a full attendance.

NEW BOAT.—Mr. Thos. Lewis, one of the owners of the steam tug *Resolute*, which was blown up some time since, intends soon to commence building a new steamboat at the upper sawmill. The contemplated craft will be 75 feet in length, with an 18 feet beam. She will be propelled by a stern wheel.

WAIVED AN EXAMINATION.—Charles Grant, who was arrested for the shooting and killing of Joseph Simpson on Monday evening, was arraigned before Judge Denny yesterday. He waived a preliminary examination, and was remanded to the County Jail to await the action of the grand jury.

THE EXCURSION.—A grand moonlight excursion and festival will be given this evening by the members of the Congregational Church in East Portland. The proceeds will be applied to building the church edifice commenced in Holladay's Addition. Music will be furnished by the East Portland Band.

RACE.—A race will take place this afternoon at 3 o'clock over Riverside Track. Purse, $50, mile heats, 3 in 5, in harness. The following horses have entered: J. J. Welch names ch. g. "Highlander;" B. B. Acker names d. g. "American Boy;" C. B. Lindsey names b. g. "Carl Bosco."

HAVE ACCEPTED.—We learn that the Vancouver Fire Department, which organization has been tendered an invitation from the committee, to participate in the coming celebration of the Fourth in this city, have accepted the same, and will join in the parade.

ON THE WAY.—Charles Vivian, the celebrated actor, composer, and song and character man, is among the passengers on the *Ajax*. He comes under engagement to Geo. F. Waldron. On his arrival, Oro Fino Theater will be re-opened.

DELINQUENT TAX LIST.—The real property remaining unpaid on the delinquent county tax list, will be sold at public auction at the Court House this morning. The sale will commence at ten o'clock A. M.

STOCKHOLDERS' MEETING.—There will be a meeting of the stockholders of the Good Templars' Hall Association to-morrow afternoon at 1 o'clock. A full attendance is desired.

WILL PARTICIPATE.—The Portland Turn Verein have accepted the invitation extended them by the committee, and will participate in the celebration of the Fourth.

OPENED.—The new Masonic Hall will be opened for the reception of the public this evening, provided it does not rain.

CAMP MEETING.—A camp meeting for the M. E. Waukee Circuit will be held at Powell's Valley, commencing next Thursday.

IMPROVEMENTS IN PORTLAND.

It would be a difficult task to estimate the precise amount and extent of street and building improvements now in progress, or held in contemplation, in Portland. Yesterday we availed ourselves of an opportunity and took a drive around the suburbs of the city. To one who has resided here for the past four years a comparison drawn between the condition of affairs then and now will enable a person to form some idea of what great changes have been effected, and what improvements wrought in that short time. In fact, buildings have followed each other with such magical rapidity, and streets have improved and been extended in all directions, as to almost justify the assertion that within the last four years Portland has doubled herself in wealth and the number of business and dwelling houses.

A great number of fine, imposing brick edifices have been constructed along Front and First streets, to answer the constant and increasing demands of trade and the various branches of business carried on. Within the same period a very large number of elegant residences have been erected in portions of the city more remote from the center of activity and business. The most of the residences have been built west of Fourth street. By these means the suburbs have steadily been extended in all directions towards the neighboring hills. Where, a few years ago, the stumps, trees and natural elevations and depressions of nature marred the outlines of Portland, are now found handsomely improved blocks and streets, and elegantly constructed and furnished residences—homes of our thrifty and enterprising population. The changes wrought are magical. The hand of industry and enterprise has provided in a great measure against the deficiencies of nature. Hollows and ravines have been filled up, streets cut through embankments and brought to uniform and established grades, and where ruggedness and irregularity prevailed, now order and beauty reigns.

Another favorable indication that our people are progressive in their taste, as well as in matters of enterprise, exists in the fact that a very marked change is observable in the styles adopted in the construction of buildings. All the latest and most modern graces of architectural harmony, beauty and effect, are found combined in the useful and ornamental improvements of the city. Residences which, a few years ago, were regarded as the latest triumphs of architecture, when compared with some of the buildings erected the present year, appear staid and "old fashioned." Every indication supports the conclusion that in no respect are the people of Portland behind in the "great march of Progress," and that she is keeping pace with all the advancing tendencies of the age.

Buildings are rising in all directions, and the back streets are undergoing the leveling process, notwithstanding the fact that money was scarcely never more stringent than at the present time. It will be safe to say that there will not be a street now embraced within the present city limits, which will not be graded and the sidewalks laid, before two years; at the present rate at which such improvements are progressing. It is a generally admitted fact that there is no city on the Pacific coast, which can boast of as uniform grades and well improved streets as Portland, considering the natural condition of the site, and the age of the place. The only drawback which can be urged in this connection, is the present defective system of sewerage. The site of the city —with a strong inclination towards the river, which will act as a general reservoir for the reception of filth, garbage, etc., and the surplus quantity of water—is admirably adapted for a thorough and systematic sewerage. It is a question of time, and will be remedied, when the demand becomes imperative.

In the southern portion of the city we observed a number of blocks which are being leveled with the loose earth from street excavations. These blocks, a few years ago, were unrelieved of stumps, logs and hollows, and were wholly useless for any purpose. Now, after being dug down and filled up, they are among the most handsome and valuable property in the city.

The street improvements the present year are in "full blast," and are not inferior in extent or expenditure to the city, to that of any preceding season. A large number of hands are engaged in grading through Caruthers' street, from Front to Fourth. Mr. W. H. Butts is the contractor. The excavations along that street are progressing rapidly, and will be completed in the course of a few weeks. Mr. Butts also has the contract for the repairing of First street bridge, situated beyond Caruthers' street, and the Washington street bridge. The former of these bridges has been deemed unsafe for travel for several months, owing to some of the timbers giving away, as the loose earth below has settled. The latter bridge also requires repairs before it can be used with entire safety by the traveling public. The bonds for the contracts were signed yesterday by Mr. Butts, and the work will shortly commence.

Mr. A. Hamilton has a number of men at work on Ninth street, between Alder and Washington, and Perry Baker has a considerable force engaged in opening a street through from Washington to Alder, just east of the Washington street bridge. In some places the cut is from twelve to fifteen feet deep. Street improvements are also being rigorously prosecuted in other portions of the city.

THE BISHOP SCOTT GRAMMAR SCHOOL.

The [illegible] examinations for the season [illegible] the school [illegible] place yesterday in the presence of a number of ladies and gentlemen, friends and patrons of the school.

The classes were examined in Reading, Penmanship, Geography, English Grammar, History of the United States, Universal History, Arithmetic, Algebra, Geometry, English Literature, Latin, Greek, German and French.

From the report read by the Head Master, Professor R. W. Leroy, it appears that there have been over 100 pupils in attendance the year; of these 2[illegible] were in the Primary Department and [illegible] in the Higher Department. Thirty-seven pupils have studied Latin, 8 Greek, 7 Geometry, 21 Algebra, 11 Rhetoric, 19 English Literature, 32 English Grammar, 27 History, 55 Arithmetic, 49 Geography, 5 French, 7 Instrumental Music, and 20 Drawing. In the Grammar Department three prizes were given for excellence in scholarship; [illegible] the first, Webster's Dictionary [illegible] abridged, to [illegible] Williams, [illegible] the second, a handsome copy of Shakespeare, to William L. McEwan, of Astoria, and the third, Macaulay's "Lays of Ancient Rome," to [illegible] B. Stevens. Four prizes were also given in the Primary Department, the first for the year to Ross Moores, the second to Richard Tagart, the first for the Easter Term to Charles Holman, and the second to Emanuel Cohn. The prize for drawing—given by Mr. Coleman—was awarded to Harry Abbott, of Walla Walla.

The Rev. Mr. Burton was taken quite by surprise by the presentation of a copy of "Taine's English Literature" by his class in English Literature, and accepted the gift with a few select, touching and becoming words.

The school has had seventeen more pupils this year than last, being an increase of 20 per cent. These pupils have come from Washington Territory, Eastern and Southern Oregon, and the counties of the coast. Almost all nationalities and shades of belief have been represented, and an equal welcome has been extended to all.

The health of the school family for the past year has been remarkably good, there having been but five cases requiring medical assistance, and not one of these at all of a serious character. Important additions have been made to the school appurtenances the past year, in the way of a gymnasium, furnished with the usual apparatus, and in books, and chemicals and philosophical apparatus. The Library now numbers over 1,000 vols., and is steadily being enlarged by gift and purchase. Important additions, by way of maps, charts, etc., have also been made, which, with the good Geological collection now on hand, largely increase the facilities to do a thorough, finished work. There is the prospect of quite an increase of pupils next year, for the accommodation of which important enlargements are to be made to the present building.

An interesting feature of the evening exercises were the declamations—Alice Carey's "Order for a Picture," by McEwan; McDonald's "Charge at Wagram," by Upton; Macauley's "Battle of Ivry," by Doudy, and Spartacus, by Williams.

The examination of the class in English Literature, by Rev. Mr. Burton, was very creditable to both teacher and class. E.

What the Weak Need.

Why do the debilitated and feeble dread the summer. It is because heat is an exhausting element, and they are not in a condition to bear the fresh drain upon their languid systems, which they think must necessarily commence with the warm weather. But cannot this evil be obviated? Most indubitably it can. What these weaklings need—in fact, what nine-tenths of us need at this season—is an access of physical vigor, and this desideratum can be secured with absolute certainty, by the use of the mildest, yet mildest, of all vegetable tonics, Hostetter's Stomach Bitters.

[illegible] of the broken-down [illegible] summer [illegible] they have neglected to [illegible] the powers of nature in this way. [illegible] who [illegible] this celebrated invigorant and corrective [illegible] hot weather, the exhaustion which excessive heat is apt to produce under other circumstances is unknown. They are not troubled with nausea, their appetites are good, their digestion excellent, and their habit of body all that can be desired. Thus for twenty years has been the uniform testimony of all who have taken the Bitters as a summer tonic and alterative. Its effects are due to the exact and scrupulous fidelity to the teachings of experimental science, with which its medicinal ingredients have been culled from the vegetable kingdom, the admirable proportions in which they are combined, and the unequalled purity of its stimulative basis.

PLANTATION BITTERS!
S. T.--1860--X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

PROSPECTUS.
THE THROUGH LINE!
A RAILROAD JOURNAL, TO BE PUBLISHED weekly, in the city of Portland, Oregon, devoted to the interests of railroads and kindred subjects, and especially to the success of the
Portland, Dalles and Salt Lake Railroad.

In the interest of this road we have already made one campaign, wherein, against great odds, our efforts have been crowned with a fair measure of success. It is now a fixed fact, recognized by the Government, and becoming attractive to men of capital and influence.

[illegible]

We shall earnestly discuss the subject of legitimate and reasonable State aid in the prosecution of the work, and as an endorsement of the importance of this deservedly popular enterprise.

Preparatory to a renewal of our efforts at the next session of Congress, we shall fully discuss the national and local advantages of the Portland, Dalles and Salt Lake Railroad, and through the instrumentality of *The Through Line* familiarize members of Congress and the American public with the subject in all its bearings. The discussion will cover the whole ground, and no fact or matter which may be deemed of importance will be allowed to pass unnoticed.

The successful completion of the railroads embraced in the system of the Pacific Northwest, we shall give our hearty support in all that is fair and just, and especially shall we endeavor to keep alive and make useful that public sentiment in Oregon everywhere manifested in behalf of the Portland, Dalles and Salt Lake Railroad.

Our knowledge of the several roads embraced in this system, their origin and progress, the various laws that have been passed concerning them, and the country through which they pass, will enable us to give, from time to time, to the American and European reader reliable and important information connected therewith.

Our friends should be especially vigilant in getting subscribers and giving *The Through Line* a wide circulation. We have made arrangements to procure [illegible] and shall employ a competent assistant in the Editorial Department. It will be a twenty-four column paper, and the first number will be issued on or about the 20th of June, inst. Subscription $2 [illegible]

WILSON'S [illegible] — [illegible] act which attracted the attention [illegible] people of Massachusetts to Henry Wilson and which led to his entering [illegible] was his discussion at different times between the years of 1838 and 1840 of the then political issues between the Whig and Democratic parties with Benjamin F. Hallett, afterwards distinguished as the great Democratic platform maker. Hallett was then noted as an editor, a ready writer and impressive speaker. Wilson had no public reputation, and was merely known as a shoemaker at Natick, a few miles from Boston, a fact which led to his being styled the "Natick Cobbler." Hallett was in the habit of speaking in the towns surrounding Boston on the political issues of the day, and in due course of events was called upon to ventilate some Democratic doctrine at Natick, the home of the shoemaker. This was trenching upon the sacred ground of Wilson. He was an auditor at Hallett's meeting, and could not rest easy while the speaker was sowing what he deemed the rankest political heresies. He accordingly requested permission to reply, and it having been granted, he entered the field of controversy and spoke with a power of argument and fullness of illustration that won the applause of a large portion of the audience, surprised the Democratic orator, and won from him expression of high appreciation. The discussion was noticed in the papers of the day, and served to direct the public eye to Wilson, who again and again met Hallett in debate and acquitted himself with much credit. In the year 1840 he took an active part in the Presidential canvass, and was regarded as one of the most practical and able speakers of the times. It was not long before the people of Massachusetts found out his abilities, his private and public worth, and placed him in a position to serve first the State and then the Nation. She treated him as she does all her eminent sons, and kept him in elevated positions until at last he has been selected as the candidate of the Republican party for the office of Vice President of the United States. If selected by the people for this position, he will belie all his past record if he does not discharge the duties of his office with fidelity to the people and honor to himself.—*Sacramento Union.*

Congressman J. M. Wilson, of the Fourth District of Indiana, has accepted a nomination for re-election, in a letter which closes as follows: "Before running the risk of placing the Government again in the hands of the Democratic party, the people will want the leaders of the opposition to give some more substantial reason why it should be done than their personal opposition to Grant.

The report has been very generally circulated that Senator Casserly is strongly opposed to the nomination of Greeley and Brown at the Baltimore Convention. The Vallejo *Independent* believes the report correct, and states that Mr. Casserly is franking large numbers of documents to that office unfriendly to Greeley.

The Boston *Shipping List* of the 1st inst. states the condition of the Wool trade, as follows:

Holders are still disposed to realize and manufacturers find no difficulty in obtaining what they want at slight concessions for foreign, and at a reduction of 2½@5c ℔ on domestic fleece and pulled. The present decline in Wool has also had a very unfavorable influence on the goods market. For some weeks past it has been almost impossible to sell goods except at large concessions, and the manufacturing business is now more unsettled and depressed than at any time during the year. The fact is the market has been more or less demoralized for some weeks in consequence of the decline in prices abroad, the tinkering of the tariff by Congress, the large arrivals of foreign Wool, and the unsatisfactory prices of goods, and the only regret of dealers here is that they held their Wool instead of meeting the market some weeks ago, when much better prices could be realized.

The import trade of the country continues to increase enormously. The San Francisco *Bulletin* says:

In referring to the March imports at New York, we had occasion to characterize the amount as the largest in the history of that port. The total for March, 1871, was $38,096,000. Up to that time this was the largest amount on record. In the same month this year the amount was increased to $39,218,000. This princely sum was received with astonishment, and called forth many homilies on the extravagance of the country. The returns for April have just been compiled by the New York *Journal of Commerce*, and instead of any falling off we find there has been an actual increase of over $7,100,000 on the highest previous monthly aggregate, the total being $46,444,000, against 32,968,000 in the same month in 1871 and $29,372,000 in the same month in 1870. The total for the first four months of the year ending May 1, is $159,549,000, against $135,947,000 in 1871 and $107,161,000 in 1870. These increased imports are looked upon as an evidence of prosperity, since it is supposed we buy only as we are able to pay. The landing of such large quantities of foreign goods in the country has increased the Government revenue from customs, the total for the ten months of the fiscal year being $180,111,000, against $119,838,000 in 1870-71, and $107,920,000 in 1869-70. These sums, together with the freights, are to be added to cost of the imports. This large demand for gold accounts for the rising tendency lately observable in the premium. In payment for imports we must offset the exports from New York. These for April (including specie) were $21,639,000, against $28,623,000 for same month last year and $16,290,000 in 1870; and for the first four months, $80,212,000, against $101,981,000 in 1871 and $63,572,000 in 1870; while for the first ten months of the fiscal year the amount is $222,127,000, against $250,987,000 in 1870-71 and $191,185,000 in 1869-70. From the foregoing it appears that while the imports have been increased $50,000,000 on the fiscal year, the exports of merchandise have increased only $4,400,000 and the exports of specie have decreased $32,606,000.

NATIONAL REPUBLICAN TICKET.

For President:

ULYSSES S. GRANT

Of Illinois.

For Vice President:

HENRY WILSON,

Of Massachusetts.

For Presidential Electors.

[illegible]

Election, Tuesday, Nov. 5, 1872.

NATIONAL REPUBLICAN PLATFORM

[illegible]

2. Complete liberty and exact equality in the enjoyment of all civil, political and public rights should be established and effectually maintained throughout the Union by efficient and appropriate State and Federal legislation. Neither the law nor its administration should admit any discrimination in respect to citizens by reason of race, creed, color or previous condition of servitude.

3. The recent amendments to the National Constitution should be cordially sustained because they are right, not merely tolerated because they are law, and should be carried out according to their spirit by appropriate legislation, the enforcement of which can be safely trusted only to the party that secured the amendments.

4. The National Government seeks to maintain an honorable peace with all nations, protecting its citizens everywhere, and sympathizing with all peoples who strive for greater liberty.

5. Any system of civil service under which the subordinate positions of the Government are considered rewards for mere party zeal, is fatally demoralizing, and we therefore favor a reform of the system by laws which shall abolish the evils of patronage and make honesty, efficiency and fidelity the essential qualifications for public positions, without practically creating a life tenure of office.

6. We are opposed to further grants of the public lands to corporations and monopolies, and demand that the National domain be set apart for free homes for the people.

7. The annual revenue, after paying current expenditures, should furnish a moderate balance for the reduction of the principal, and [illegible] [illegible] [illegible] should be [illegible] [illegible] [illegible] duties [illegible] [illegible] to aid in securing remunerative wages to labor and to promote the industries, [illegible] and prosperity of the whole country.

8. We hold in undying honor the soldiers and sailors whose valor saved the Union. Their pensions are a sacred debt of the nation, and the widows and orphans of those who died for their country are entitled to the care of a generous and grateful people. We favor such additional legislation as will extend the bounty of the Government to all our soldiers and sailors who were honorably discharged, and who in the line of duty became disabled, without regard to the length of service or the cause of such discharge.

9. The doctrine of Great Britain and other European powers concerning allegiance—"once a subject always a subject"—having at last, through the efforts of the Republican party, been abandoned, and the American idea of the right of an individual to transfer his allegiance having been accepted by European nations, it is the duty of our Government to guard with jealous care the rights of adopted citizens against the assumption of unauthorized claims by their former Governments, and we urge continued and careful encouragement and protection to voluntary emigration.

10. The franking privilege ought to be abolished and the way prepared for a speedy reduction in the rates of postage.

11. Among the questions which press for attention is that which concerns the relations of capital and labor, and the Republican party recognize the duty of shaping legislation so as to secure a full protection and ample field for capital, and for labor which creates capital, the largest opportunities and a just share of the mutual profits of these two great servants of civilization.

12. We hold that Congress and the President have only fulfilled an imperative duty in their measures for the suppression of violent and treasonable organizations in certain lately rebellious regions and for the protection of the ballot, and therefore they are entitled to the thanks of the Nation.

13. We denounce the repudiation of public debts, in any form or disguise, as a national crime. We witness with pride the reduction of the principal of that debt, and of the rates of interest upon the balance, and confidently expect that our excellent national currency will be perfected by a speedy resumption of specie payment.

14. The Republican party is mindful of its obligations to the loyal women of America for their noble devotion to the cause of freedom; their admission to wider fields of usefulness is received with satisfaction, and the honest demands of any class of citizens for additional rights should be treated with respectful consideration.

15. We heartily approve of the action of Congress in granting amnesty to those engaged in the rebellion, and rejoice in the growth of peace and fraternal feeling throughout the land.

16. The Republican party propose to respect the rights reserved by the people to themselves as carefully as the powers delegated by them to the State and Territorial governments. It disapproves of resorting to unconstitutional laws for the purpose of removing evils by the interference with rights not surrendered by the people to either the State or National Government.

17. It is the duty of the General Government to adopt such measures as will tend to encourage American commerce and ship building.

18. We believe that the modest patriotism, the earnest purpose, sound judgment, practical wisdom, incorruptible integrity and illustrious services of U. S. Grant have commended him to the heart of the American people, and with him at our head we start to-day upon a new march to victory.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW [illegible]

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL,

San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of [illegible] years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of [illegible] [illegible] that he has returned from visiting the [illegible] of Europe, and has resumed practice at his [illegible], Kearny street, corner of Commercial, [illegible] where his old patients and those requiring his [illegible] may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from them absorbed into the system! Look at their pallid, sunken and disfigured faces and their broken-down [illegible], disqualifying them for the happiness [illegible] of the enjoyment of life. In this horrid [illegible] thousands suffer until death closes the scene. Let guardians, friends, attend to those who are [illegible] by any of these horrible, life-destroying [illegible]. [illegible] they are cured for and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for [illegible] [illegible] is certain to cure the most inveterate case, without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many [illegible] doctors who infest all cities, publishing their ability of curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of these [illegible] [illegible].

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse, [illegible] solitary vice, or depraved sexual indulgence, [illegible] by the youth of both sexes to an almost [illegible] [illegible] producing with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and [illegible] mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove [illegible] [illegible] to him that he was cured of the complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are [illegible] under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written [illegible] binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions. By enclosing Ten Dollars coin, in a registered letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential.

Caution to the Unfortunate.

Beware of the San Francisco quacks and [illegible] who, with false and [illegible] certificates, dupe the unwary. One of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen and became too lazy to work at their trades. Some are [illegible], shoemakers, newspaper carriers, intelligence office keepers, etc. The only way to avoid imposition is to make inquiries. It will cost you nothing and may save you many regrets, for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them [illegible] you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus letters, [illegible], pretended patients' letters, etc. Dr. Gibbon will [illegible] [illegible] persons who may call at his office or [illegible] [illegible] treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, or [illegible] [illegible] San Francisco Post Office Box 1,957.

REMEMBER BOX 1,957 ON THE LETTER.

Consultation FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*. 1y34dpt
